The Time To Act Is Now

We are now well into the United Way campaign. Staff & Volunteers are hard at work to **raise much needed funds** for our community. Thank you to everyone who has made a contribution thus far.

But we are not there yet.

We are beginning to see the effects of the economic slowdown. People we all know are **facing hardships** that they never thought would come their way.

On a daily basis our funded agencies are **responding to growing demands** for help to deal with debt, depression, hunger & abuse, among other challenges.

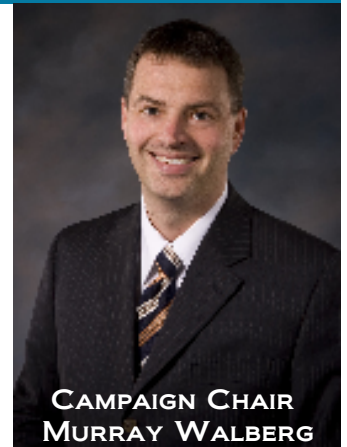

By **donating today** you can ensure that help reaches those who need it most - your friends, your neighbours, your family.

We all need a little help sometimes.

Donations can be made through your workplace campaign, on line, by mail and more.

Call 623-6420 to find out how you can give.

Every dollar you give really does get results.
